Dear Ranjit

It was a great pleasure to meet you at the Deaf Centre here in Liverpool. Your presentation was excellent and everyone was impressed by the sheer quality of the graphic images, and the sign language that was so clear.

Deaf people face barriers in obtaining information that is accessible for them and health topics are so important. Your presentation was truly educational and beneficial for all who saw it. We wish you and your project every success and look forward more presentations from Health Definitions to help raise greater awareness and understanding in the Deaf community.

Best wishes,

Vincent Cain
