Dear Ranjit,

Thank you for your recent visit to Nottinghamshire Deaf Society. I was shown a demo of your DVD that promotes health care. After seeing the DVD I was very impressed with the content and feel it would be a fantastic resource for Deaf people because it has been created in a visual format that is accessible for Deaf people that use all methods of communication. The way the information is put across is so much more accessible than leaflets that have already been produced on the same topic so I feel the resource would be widely used if the Deaf Community had access to it.

On behalf of the NDS I can say that the product will be of great value to members of the Deaf Community in Nottinghamshire and NDS are hoping that NHS Nottingham City & County will consider commissioning DVDs from your organisation.

Yours sincerely,
